October 04, 2025: On Selling One's Soul to Produce an Offspring of Demons and Zombies

The truth of our reality (and theirs) is that Donald Trump and Elon Musk have **sold their souls to a spirit of evil in exchange for using their voice and influence to produce** as many **zombies and demons** as they possibly can.

Metaphorically, the process is to **captivate a host** person such as Donald and Elon in order **to use them as a vessel to produce more evil** in the world.

The process is completed once **the host of evil agrees to accept** money, power, influence, or whatever **soothes their need to receive pleasure** **in exchange for** influencing, **causing, and producing an offspring of evil** in the world.

The **evil spirit is seeking the offspring of evil** to further advance its own personal desires of **expanding an evil influence over the population** of good people that would absolutely prefer peace, love, unity, and respect instead of the evil offspring of disruptions, hatred, division, and disrespect that accompanies the rise of an evil spirit.

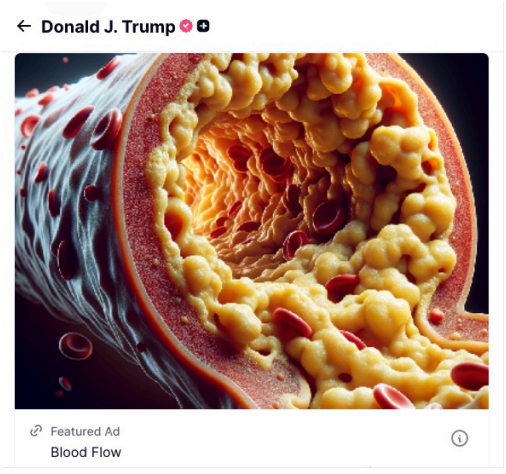
Here, we see that **Donald Trump and Elon Musk have gone 'All In' with the spirit of evil** that has advanced them to their positions in an effort to maximize influence over the world's population. In fact, this evil spirit that is speaking into our home on their behalf is actively stating to us that **they are 'using' our home in an effort to learn more about how they can 'reach' more people like us in the world**.

This is the truth of our life as **we embody the good spirit of being the Son of Heaven**. Here, **old man Satan has camped himself over us to extract whatever he can 'use' for his personal advantage** to influence more good people to be Led astray.

Our solution is to **show old man Satan what he looks like in the mirror**. And he knows it. **Donald Trump and Elon Musk are** leaning into their roles of **producing hatred, division, and general agitation all around the world** so that the spirit of evil that produced them can stir up a group of people **to feed on**. Somehow, these braindead **zombies and demons have determined that their legacy in hell will be worth their lifetime of seeking individual pleasure**. Good for them.

Unfortunately, **their offspring have to live on beyond the evil lives of their parents**.

Now let's enjoy some of the wonderful images that Donald Trump gives to us as we go to track his evil on 'Truth' Social.



This is how you appear to us Donald Trump. **A monster that is sucking and 'moving' blood to fuel a body of evil**.

Donald Trump and Elon Musk have adopted **to live as hosts of evil**. Donald Trump and Elon Musk have chosen **to enslave themselves and everyone around them** to their own needs for personal pleasure.

Kids, adults, and future members of society: **DO NOT GROW UP TO BE LIKE DONALD TRUMP OR ELON MUSK**.!
